

It became her  
*anchor,*  
her *hope!*

January 2019

Dear Friend,

**He wasn't violent in the early years of their marriage. But then Annie began to see signs of his anger. Scary signs. One night while watching TV he jumped up, went to the back of the TV and ripped the cable out of the wall! No picture. No audio. Totally blank!**

Annie's sleep was troubled that night with worry that maybe she would be his next victim. In the morning she waited until he left for work, and then got up. She prepared her little breakfast and without thinking she grabbed the remote and turned on the TV. This was the very TV that had been completely disconnected. No cable. No dish. No antenna. Just a free-standing TV with no chance of receiving any signal.

But it came on! And whom should she see but Kenneth Cox, preaching the precious love of Jesus Christ. "I have loved you with an everlasting love. I have drawn you with loving kindness. I will build you up again". Jeremiah 31:3,4. She began to watch the program every day. It became her anchor, her hope!

It is a lovely story, but where did those programs come from? It was the result of a monumental effort and high expense to produce them. On top of that is the high cost of TV station time, all paid for by donors like you!

We cannot thank you enough for joining us in this marvelous work of soul-winning. Your dollars are very carefully managed and stretched to reach the unreached. Please use the enclosed envelope and prayerfully consider sending a contribution to assist our ministry.

May God richly bless you.

Sincerely,

Kenneth Cox
